2019 Schedule of Federal Grant Program Activities

Ms. Safko stated during 2019, a total of three federal grant planning documents and one performance review document must be completed. These included:

- 2018 Consolidated Annual Performance Evaluation Report (CAPER) – due to HUD prior to March 31, 2019.
- 2020 – 2024 Consolidated Plan (CP) – completed by November 15, 2019.
- 2020 Annual Action Plan (AAP) - completed by November 15, 2019.
- 2020 - 2024 Fair Housing Analysis Update (FHAU) - completed by November 15, 2019.

Ms. Safko's tentative schedule included:

- Staff is waiting for updated America's Community Survey data for the CP and FHAU, with input from a Pennsylvania State University (PSU) professor, who is also on the Temporary Housing Foundation, Inc. board as well as information from the Center for Rural Pennsylvania.
- The ACS survey sample size was too small to be very reliable.
- Lisa Beede is contracted by the Borough to prepare much of the information for these four plans.
- In December, Planning staff reviewed activities in the Integrated Disbursement and Information System (IDIS), and updated accomplishment data, closed out some activities, and performed end of year data clean up.
- The next step will be to consult with a large number of community groups and service providers regarding community needs.
- A public hearing will be scheduled in February to discuss the CAPER which listed accomplishments from the previous year, and then will be presented to the CAC before being submitted to Housing and Urban Development (HUD) at the end of March 2019.
- Two extra public meetings will be held in March to get input on community needs. She noted there will be a joint meeting with the Planning Commission and the neighborhood association leaders regarding community needs. There was a suggestion to have the neighborhood leaders invite their residents as well.
- The second meeting would be for the human service agencies who would report on Fair Housing and human service needs and issues.

Ms. Safko noted if staff did not invite the general public to these meetings, they would have an opportunity to speak at a public hearing on February 7. She asked if staff should invite the public through the neighborhood associations or would it be overwhelming to have too many people present. Mr. Meashey stated it might be better if the neighborhood association leaders publicized it.

Ms. Burke noted, in her experience, there should be some type of social media presence announcing the public meetings. Mr. Meashey suggested using the Borough's Twitter and website accounts. Mr. Smith reiterated that staff would keep the committee up-to-date on meeting schedules as time goes on.

State College Borough Policies and Procedures Manual to be Updated in 2019

Ms. Safko stated during 2019, staff anticipated updating the State College Borough Policies and Procedures Manual for compliance with CDBG and HOME Program regulations. Each update would be brought to the CAC for review.

She noted staff received a HOME Investment Partnerships Program (HOME) contract from the Department of Community and Economic Development (DCED) and it was more in depth than a HUD contract.

She highlighted the document touched on every aspect of our program and staff needed to have guidelines in place for things such as our fiscal responsibilities, and the fair housing component.

She distributed a summary of DCED master file plans and policies along with a Table of Contents from the current policies and procedures manual.

She noted an Equal Employment Opportunity Officer needed to be named in our policy and we needed to adopt an excessive force policy. Staff had not appointed a Fair Housing Officer.

Ms. Patterson asked if the committee would help put together a policy on excessive force. Ms. Safko stated they could, and she would check with the Borough's police department to see if such a policy is already in place.

Mr. Meashey asked if these updates would be looked at all at once. Mr. Smith suggested whatever put the least burden on staff. Ms. Safko stated staff would put items of discussion on agendas as they came up.

She also noted staff needed to do some more research to see if the Borough had a Section 504 plan.

Ms. Burke asked if the ADA improvements applied to buildings funded by CDBG funds. Ms. Safko stated the human service agencies agree to meet ADA requirements as part of the subrecipient agreements they enter into with the Borough each year.

Ms. Safko stated staff would also verify if there is a need to update the Travel Policy.

2019 Conflict of Interest Policy

Ms. Safko stated the policy was distributed annually to all members regarding the Borough's code of conduct. This document was distributed at this meeting.

Mr. Smith asked new members to introduce themselves.

Mr. Olcese stated he had lived in State College for 16 years. He had an undergraduate degree in Psychology and was now pursuing a music career. He stated he was the owner and operator of "My Hero Zero".

Ms. Burke stated she is a student at PSU. She noted she had an internship last summer with a non-profit group that worked with CDBG funds. She conducted community engagement activities there. A friend told her about the opportunity to participate in Borough committees.

Other committee members and staff introduced themselves.
